With SmartMusic on their home computers, students have the tools and accompaniments they need to get better on their own:

- 20,000 accompaniments, 50,000 exercises, and band methods
- Practice loops, recording
- Motivates students to practice and keep them playing
- Supports advanced repertoire with patented Intelligent Accompaniment that listens to students play and follows their spontaneous tempo changes - students are free to express themselves, to project their personality into the music
- Provides practice tools such as practice loops, tuner and metronome
- Allows students to slow down passages and practice them properly
- Select "Play Solo Line" and students hear how they should interpret a passage
- Records students with one click so that they receive instant feedback - they can even e-mail a recording of their work to their teacher or parent!
- Save student recordings on CD so that they have a permanent of their progress
- Make your own SmartMusic accompaniments for Strings with Finale notation software (requires Finale 2003 or newer)

SmartMusic Home Subscriptions

Suzuki SA is preparing to sponsor SmartMusic home subscriptions for its members. In this way SA Suzuki Students can access this state-of-the-art practice software for \$AUD 35 per year, instead of the individual annual subscription fee of \$US90 (~\$AUD130) per year. To initiate this process we need a minimum of 10 families to sign up. I have tried out this tool and found it a great motivator as well as a great way to help students improve the effectiveness of time spent practicing.

If "Practice makes Permanent" then we need all the help we can get to make practice perfect. It is much easier to practice with correct pitch and rhythm when playing with accompaniment. Having SmartMusic at home is like having your own personal accompanist with you every time you practice. Also, when you use SmartMusic to practice sight-reading, you see exactly what you got right and wrong marked up on the sheet music at the end of the piece.

View the demo at Spring School or check out their website www.smartmusic.com

SmartMusic Home Subscription Order:	\$35.00
Cardholder's Name : _____	
Credit Card No: _____	Expiry Date: ___/___
Signature: _____	

Windows® Recommended System: Pentium®-class 300 MHz Pentium processor. 128 MB RAM. Windows® 98/ME/2000/XP. CD-ROM drive. 360 MB free disk space. DirectX 9 compatible soundcard with full duplex support. One available USB or serial port for the foot pedal (*optional*). Monitor resolution must be 800x600 or greater . Other Windows computers may work depending on software and hardware configurations.

Mac OS Macintosh® Recommended System G3, G4, or G5 processor. 48 MB available RAM. MacOS 9.2 or MacOS 10.2 or greater. CD-ROM drive. 360 MB free disk space. Microphone port. One available USB port for the foot pedal (*optional*). Monitor resolution must be 800x600 or greater. Other Macintosh computers may work depending on software and hardware configurations.

Browser Requirements: Internet Explorer 5 or later

NOTE: Internet access is required for a few minutes to activate your account. SmartMusic can be used offline the rest of the time.
